DETAILED ACTION

Allowable Subject Matter

1. Claims 1-44 are allowed.

The following is an examiner's statement of reasons for allowance:

Claims 1 and 23 have been amended to overcome the prior arts. They are allowed because the closest prior arts, Egner et al. (US Patent Number 6223041) and Park et al. (US Patent Number 5912884), either singularly or in combination, fail to anticipated or render obvious that repeating the identifying and reassigning of remote units the potentially overloaded station is no longer in an overloaded status, in combination with all other limitation in the claims as defined by applicant.

Claims 2-12 and 14-22 depend on claim 1. Therefore, they are allowed.

Claims 24-34 and 36-44 depend on claim 23. Therefore, they are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
